## B. Y. Gridders Prepare For Spring Game

### Annual Alumni Tilt Set For May 6

With the annual game between an alumni team and those engaged in varsity spring practice draws to a close for Monday night at 7:30 p. m. in the Y stadium, the spring varsity graders are fitting on play formations to pull on the old grids during a period of practice. Meanwhile the boys are getting geared up to middle term. Coach G. H. Rogers expressed himself as being extremely satisfied with the work of the new coaching staff of John Smith and Ed E. Kimball. Smith is a former All-American star from Pennsylvania, while Kimball, a graduate of the University of Iowa, has coached at the same time Jordan High school, where he received several state championships. Smith, along with Doc Richardson, "Flip" Niesinger, and "Vince" Warner has been selected to handle the summer while Kimball, assisted by Frank LaComa, has been working with the backfield material.

Some of the new men are looking particularly good for this time of year, according to Rogers. With a little experience, Jensen, who built from Pleasant Grove, may develop into an excellent backfield. Lyons looks good at quarter-back and Freestone and Rogers are coming along fast at the end posts. LaGrand, too, at tackle, is much improved over last year. Richardson and Pleasant Grove look good to take the positions of center and Favore and Rogers may have several novices in Thomas, Mike Gillespie, and Tommie. A strong team of former stars was lined up for the special game. The group includes Wangsgard, center; Warner, Shiller, Brown, Hawn, guards; Niessing, Richardson, Gaudin, Griffith, tackle; Eggleston, Gillespie, Herzig, center; Mack, LaComa, D. Simmons, K. Hart, Halfback; Scholer, Simmer, Berne, Hooper, Magrath, and Milet, backs.

## Stella Walsh Determined to Break Record

### Champion Girl Runner Likes Basket Ball And Movies

Stella Walsh, holder of forty-eight world records and declared to be the fastest woman runner in the world arrived in Provo Wednesday, April 19, while she will perform in the 100 and 200 meter dashes, the 40 and 80 yard dashes and will give an exhibition in the javelin and discus events.

Miss Walsh declared that with the exception of the Olympics she has never before participated in a meet with 3000 contestants even though she has attended world records night and in all parts of the world.

"I'm quite sure I can break the 50 yard record" said the dark-haired athlete who has broken the 100 yard distance in 7 and 3-10 seconds 12 times, which is one second faster than the outdoor record of 7 and 4-10 seconds. "I should like to do better outdoors in course."

Miss Walsh enjoys movies, her favorite actor is Cary Grant and her favorite actress is Mae West. She also enjoys dancing and other recreations. Although she is an all-around athlete, Miss Walsh likes basket ball better than any other sport.

At present the woman star is attending school at Notre Dame academy in Cleveland and plans to attend some university after her graduation this spring. She has not yet kicked out the school, is definitely planning on college and is laying preparations to compete in the next Olympics.

## Posture Parade To Add Color To B. Y. U. Relay

Although B.Y.U.'s annual invitational track meet was originally intended for boys, since 1924 the girls have been stealing the show with their posture parade.

"The posture parade was initiated at Brigham Young university when we realized that a good posture is the absolute essential of good health. It was on hopes that a posture parade would encourage better postures that the parade was begun in 1924," declares Wilma Jepson, physical education instructor and founder of the posture parade.

As has been the policy since 1931, the junior high school posture parade will open the meet on Friday, and the senior high posture parade will be the first event Saturday afternoon. "This parade will be judged by W. J. H. Hensager, physical education instructor of the Salt Lake City school system and by Mrs. Alice Benson of the Y.W.C.A. of Salt Lake, Cluettan Harmon, full commander of the Provo American Legion drum corps, and Lieutenant Spears of Fort Douglas.

"It is my hope that in time, B.Y.U. will offer high school girls an ideal play day as well as a posture parade," declares Miss Jepson. "This would include relaye involving the fundamental skills in each type of game. Then these relaye would carry over into actual games which would be participated in by representatives from the various high schools who have been the winners in their local inter-school tournaments. Such games would include: football, field ball, high ball, soccer, hockey, basket ball and volleyball." As the first realization of this dream, a tennis tournament for high school girls is being held this year.

Approximately twenty-five schools are entered in the posture parade. Schools which have never before participated, but are entering this year are Weber high school, Ogden; Davis high school, Kayville; Graniteville high school, Graniteville; Utah high school, Vernal; North Eastern high school, Perron; Gunnison high school, Gunnison; and Rock-Spring high school, Rock Springs, Wyoming.
